Farm in Maranhão, Bensafrim, Lagos

Farm with urban housing, traditional built before 1951.

Composed of several rooms, with very old customary conditions, almost in ruins, in need of renovation works. Connection to non-existent infrastructure. (Only has a phone connection)

Attached to the house there is a threshing floor and large chicken coop.

This property harkens back to the traditions of the past with unique features such as its threshing floor and traditional wood oven.

A vast flat rustic area with enormous potential.
